CUSTOM FLAT STOCK

CUSTOM FLAT STOCK

Precast Fireplace Mantel

The Custom Flat Stock mantel is manufactured to the specific masonry fireplace it overlays. The dimensions shown in the line drawing above are adjustable in the height and width of the fireplace opening and outer dimensions of the mantel. It is fabricated with flat stock, an adjustable cap, and trim. This product can fit over any flat masonry fireplace. Hearths are separate items and all products are available in paint grade and TraverStone finishes.
