GOLETA

GOLETA

Precast Fireplace Mantel

The Goleta is a multi-piece mantel. The lintel and cap are manufactured as separate pieces and are ordered to your desired length. Legs, plinths and inlays are ordered as individual items. Legs and plinth blocks can be cut to adjust for height. The inlay tray can accept various styles of our 6" inlays to match your décor. Hearths and flat stock are separate items and all products are available in paint grade and TraverStone finishes.
